WOOD  
PARQUET

# WOOD COLLECTION

## Select

The Select grade is carefully selected, evenly colored and almost knotless. The grade allows the filling of pin knots, the natural reflective pattern of oak, i.e., the pattern created by the medullary rays of the tree, and color variation caused by the grain pattern.

## Trend

Trend grade allows the natural knottiness of the wood, with a limited size and number of knots and moderate or little color variation. Minimal sapwood presence, healthy knots diameter below 10mm, knots repaired with filler below 7mm are allowed.

## Dark

Dark is a natural-looking grade in which the natural grain pattern and color variation of the wood are clearly visible. A plank may contain unlimited sound sapwood. Color variation is allowed. Small burls, light brown lines, repaired knots up to 25 mm, properly filled worm holes, slight defects and burns are allowed.

## Rustic

A rustic plank may contain color variation, unlimited burls, brown lines, open or filled knots of any size. Knots give effect of antique wood and emphasized authentic oak texture.

# WOOD COLLECTION

We have 100+ colors in our product range.

- ✓Oak : 101 Colors
- ✓Walnut : 2 Colors
- ✓Iroco : 2 Colors
- ✓Sapele : 2 Colors

# LVT COLLECTION

- The most water and moisture-resistant floor product.

- Recyclable and environment-friendly product.

- Flame-retardant.

- Anti-Bacterial
- Easy to clean.

- Maximum resistance against surface wear.
- Durable to heavy pedestrian traffic.

- Thanks to its high thermal conductivity, it is suitable for use with most types of under floor heating systems.

- It provides easy and quick installation with its loose lay, dry back and click system options.

- Since it is a multi-layered product, it provides the comfort of a quiet (acoustically) walking and walking ergonomics.
- It does not react to instant cooling or heating.

Due to these unique combination properties  
**LVT is the world's leading choice.**
